TOWN WARRANT

To the Inhabitants of the Town of Warner in the County of Merrimack in said 'State qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Warner on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year.

Art. 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, and to make appropriations for the same.

Art. 3. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town in anticipation of taxes.

Art. 4. To hear reports of Officers of the Town heretofore chosen, and pass any vote relating thereto.

Art. 5. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purpose of publicizing the natural advantages of the Town, in connection with other towns in the Dartmouth-Lake Sunapee Region.

Art. 6. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the control of White Pine Blister Rust in the Town, in cooperation with the State Forestry Department.

Art. 7. To see if the Town will vote to raise and appropriate the sum of \$900.00 to buy one portable fire pump, 1500 feet of fire hose, 10 back-pack pumps and 12 head-lamps for the suppression of forest fires.

Art. 8. To see if the Town will vote to discontinue the road from the Bound Tree to the end of the road already discontinued leading from Kimball Corner.

Art. 9. To see what action the Town will take relative to the repair or replacement of the Bagley Bridge, and to

see if the Town will authorize the Selectmen and Town Treasurer to borrow a sum not exceeding \$5,000.00 therefor, in the name of the Town.

Art. 10. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-first day of February, A. D. 1942.

It will be noted above that the number of pupils registered and the average membership have increased by several points. The percentage attendance is low and the amount of tardinesses has increased. We hope that the latter may

show a decrease in the next report. The total number of pupils registered was 289 and one pupil from this district attended school in Bradford. Of those attending in Warner, 17 were elementary tuition pupils. This makes 233 pupils residing in the district and attending public schools, an increase of 16 more than last year.

During the summer, new toilets were installed at the graded school. These were much needed and greatly improve the facilities of the building.

There is much need of improvement in the agricultural farm shop and equipment at the high school. Under the present arrangement, it is impossible to move into the shop for repairs, a truck, automobile, harrow, horserake, or many other farm tools. Work on tools of this kind is more valuable to boys in the agricultural course, or the farmers of the community, than several books. Expansion and improvement in this form of education is taking place throughout the state. We would recommend to the Prudential Committee and the people of the community a serious consideration of ways and means of providing a farm shop comparable with that of other neighboring high schools of about the same size.

At the Graded School, more room is needed for the preparation of school lunches, and for classroom. At the present time, the room formerly used for preparation of lunches is occupied by a class of about twelve pupils—an overflow from Grades 1-2, or opportunity group. Lunches for Graded School pupils are prepared by the Domestic Arts pupils at the high school.

A more efficient arrangement of our school facilities would be to have the Junior High School, with their teachers, located near the high school. This would provide opportunity for the boys to use the shop there, while the girls enjoy the advantage of the improved Domestic Arts Laboratory as at present. By this arrangement, more class room would be provided at the Graded School, and opportunity given to prepare lunches there.

SHORTAGE OF TEACHERS

We wish to direct the attention of the board and the parents of pupils in the district to the serious shortage of teachers. During the past two years, this has been becoming more acute, particularly among elementary teachers.

Now, it is greatly accentuated and is extended to high school teachers. The reasons for this are; (a) Large numbers of young men have enlisted in the army or navy. (b) Others, both men and women, have gone and will go to work in essential industries where they receive much higher wages or salaries than they would in teaching. The latter will be followed by others who are now teaching unless higher salaries are paid. Prices are going up, and the value of the dollar is coming down. The cost of living has increased eleven per cent since August 1939. Food prices are up nineteen per cent. A dollar at the grocers is worth only about eighty cents.

Twelve million factory workers have already received an increase of 30% in average weekly earnings. Farm products have gone up 45%. Teachers' salaries, however, remain the same. Prices by the end of the year 1942, will in all probability be 25% higher than in August, 1939. Thus the teacher's salary of \$1,000.00 will be cut to \$750.00. To have purchasing value equal to that of 1939, it should be advanced to \$1,250.00. This will, of course, mean an increased budget and higher taxation, but to meet this, incomes of the people in general are rising faster than the cost of living. Property is worth more.

At the coming district meetings, it will be necessary for the people of the community to choose whether they will jeopardize the welfare of their children through the loss of their best teachers, or whether they will increase the salaries of these teachers enough to hold them in the district. Already several of the teachers in Supervisory Union No. 26 have received very attractive offers to teach in neighboring states or in the larger towns and cities of New Hampshire.

The schools are our long-time line of defense. It is the responsibility of the people to strengthen rather than weaken this line.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.

FOREST FIRE WARDEN'S REPORT

The 1941 fire season was the worst on record in the State of New Hampshire. More fires occurred, more area was burned over, greater damage was done to our woodlands, higher losses were sustained in other real property burned and the cost of suppressing fires was greater.

There will, perhaps, never be more ideal conditions for fire than existed in 1941. A scarcity of rain left the forests in a highly inflammable condition. The accompanying high winds spread fires with almost lightning rapidity through the parched forest lands. These conditions, coupled with human carelessness, made 1941 outstanding in the state's forest fire record.

As we approach the 1942 fire season, we wonder just what may be in store for us. The woodlands are in as critical condition as they were last year, if not more so. Blown down trees still clutter sizeable acreages of our woodland areas; the increased tempo in lumbering operations due to war demands are each day, adding to the fire hazard an ever increasing number of acres of slash land; and we face the coming fire season with greatly reduced personnel, due to the shifting of men from our small communities into the armed forces of the country and into defense industries. If, however, everyone will be careful, if they will follow the rules and regulations laid down for the use of fire in and around woodlands, much of our difficulties will be eliminated—our fires kept few in number with a consequent saving of expense to town and state.

There are so many possibilities for trouble this year it will require the whole hearted and patriotic cooperation of everyone concerned if we are to avoid serious difficulties. Persons hostile to the best interests of our country and subnormal individuals affected by the excitement of the times may easily cause tremendous confusion and disruption of local activities by deliberately starting fires in our woodlands. Suspicious circumstances connected with every fire should be made known to the proper authorities. Wardens and Deputies are being instructed this year to investigate all fires carefully. Parties at fault will be held strictly responsible. With our forces weakened, it becomes more necessary for everyone to comply with regulations which

have been set up to govern the use of fire in our woodlands. These are briefly as follows:

1. Secure a permit from your local forest fire warden to burn brush or other debris in or near woodlands, or where fire may be communicated to such lands, once the snow has left the ground. Violation of this requirement makes the responsible party liable
 - a. To a fine not to exceed \$500.00 or imprisonment of not more than one year or both.
 - b. To the town for expenses incurred by the warden in attending or extinguishing such fire.
 - c. For damage to abutting owners if fire runs upon abutter's property.
2. DON'T drop or throw from any vehicle while same is upon a public highway or private way and DON'T drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire. Violation of these prohibitions penalizes whoever is found guilty with a fine of not more than \$25.00.
3. DON'T fail to promptly notify your local warden of any fires you see.

The 1941 fire record for Warner is as follows:

Number of fires	12
Acreage burned	13½
Cost of suppression	\$126.14
Number of permits issued	27

GEORGE M. FREEMAN,
Forest Fire Warden.

BUILDING CODE AND ZONING ORDINANCE TOWN OF WARNER

In pursuance of authority conferred by Chap. 92 of the 1925 Laws of New Hampshire, and Chap. 42 of the public laws of New Hampshire, and for the purpose to promote the health and safety, convenience and general welfare of the Town of Warner, and to make it an attractive place to live, the following ordinance and building code is enacted by the voters of the Town of Warner.

For the purpose of this ordinance the Town of Warner is divided into zones A and B. Zone A includes the precinct and trunk line from Hopkinton Town line to Bradford Town line. Zone B includes the rest of the Town.

Article I. Nothing in this ordinance shall apply to existing structures or to the existing use of any building, but it shall apply to any new structure or to any substantial alteration of an existing building.

Article II. In Zone A the following provisions shall apply.

Section 1. The roof of every building hereafter erected or recovered in whole or in part, shall be covered with fire resisting material, except that this section shall not be construed to prohibit the use of wood shingles in repairing any section of roof now covered with wood shingles.

Section 2. Chimneys shall be constructed of stone, brick or cement to the ground, and extend 2 ft. above the roof to which it belongs, and shall have a cleanout opening at the base; no smoke pipe shall be allowed to pass through floors or partitions separating rooms, and all entrances to said chimneys shall be of fire proof construction.

Section 3. Every dwelling shall have a minimum ground area of 400 sq. feet inside measurement for each family unit.

Section 4. All public buildings and all dwellings constructed or repaired in the future shall be equipped with cesspool, septic tank, sanitary chemical closet or approved vault.

Section 5. Every building shall be set back from the front property line not less than 30 ft. or such distance as shall conform with the average line of existing buildings 500 ft. on either side, and all buildings shall be set back at least 20 ft. from the side lot line.

Article III. In Zone B all the provisions of zone A except section 4 (sewerage) and section 2 (signs) shall apply.

Article IV. The owner of any plot of ground intended for development or subdivision into building lots not fronting upon a public highway, shall file with the board of Selectmen a plan or map of the proposed subdivision, and shall obtain the approval of the board of Selectmen thereon before proceeding with the development or sale of lots in said subdivision. It shall be the duty of the board of Selectmen to inspect the site of such proposed subdivision, and to require such roadway and other areas for common use as will eventually be acceptable to the Town for maintenance by the Town, and to approve the same when satisfied that such proposed plans are in harmony with and conducive to the general welfare of the Town and the neighborhood, and not detrimental to existing property values, but in no sense shall this be deemed an acceptance by the Town of the street or streets.

Section 2. No signs shall be permitted except the following: Town and State Highway and directional and regulatory signs, historic signs, and those signs to advertise the profession or goods dealt in by the owner or occupant of property on which placed. No sign or group of signs shall exceed 20 sq. ft. outside dimensions, and shall not be placed so as to obstruct view on highway. Locations of signs shall be governed by the same rules as apply to buildings in sec. 5.

Article V. Any structure destroyed by fire, explosions, flood, storm or other act of God, may be rebuilt or reconstructed within one year of its destruction except that if a non-conforming use is destroyed to a degree of 75% or more as determined by assessed valuation, it must, when rebuilt, conform to the terms of this ordinance in its location and construction.

Article VI. The Moderator shall appoint one person to serve as Building inspector, his duties to be the enforcement

of the above-mentioned provisions. Any person before commencing work on the erection or alteration of any building or structure, must first obtain a permit duly granted for such erection or alteration by the Building inspector. Before a permit shall be issued the Building inspector shall determine that the proposed construction or alteration conforms to all the conditions of this ordinance.

Article VII. For the purpose of this ordinance the Board of Selectmen shall appoint a board of adjustment of 5 members as provided for in Chap. 42, Public Laws and amendments thereto, with the duties designated in the various provisions of this ordinance. The board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, to protect the community interest, make special exceptions to the terms of the aforesaid regulations and restrictions, in harmony with their general purpose and intent, and in accordance with general or specific rules therein contained, and the Laws of the State applicable thereto.

Article VIII. Whoever violates any of the provisions of the above regulations shall be punished upon conviction by a fine not exceeding \$10.00 for each day of each violation. It shall be the duty of the Selectmen to see that this ordinance is enforced and to take appropriate steps to correct any violations of this ordinance in accordance with public laws Chap. 42, Sec. 67.

The provisions of this ordinance may be amended or changed at any regular or special Town meeting, by a majority of the voters present as provided by the public laws.

This ordinance shall take effect upon its passage.

ALTON H. HOWLETT,
Building Inspector.

HAROLD B. HENLEY,
C. LELAND SLAYTON,
